

The Athenaeum
June 1946

. . truth, honor, and the light

THE ATHENAEUM

BARRINGER HIGH SCHOOL, NEWARK, NEW JERSEY

CLASS OF JUNE 1946

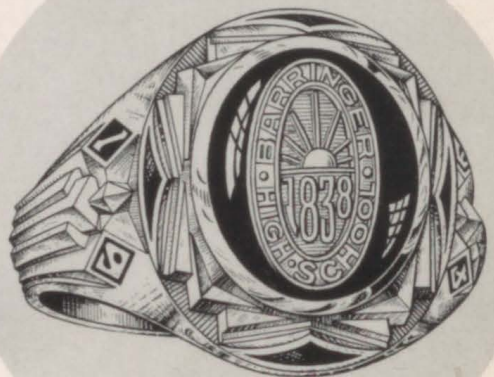

ALMA MATER

Over many a city old,
Famed in song and story.
Temple grey and castle hold
Catch the sunset glory.
So our Alma Mater proud
Looks o'er vale and meadow,
High between the sailing cloud
And its drifting shadow

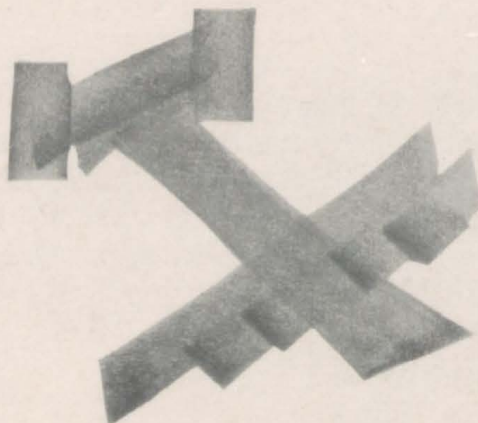

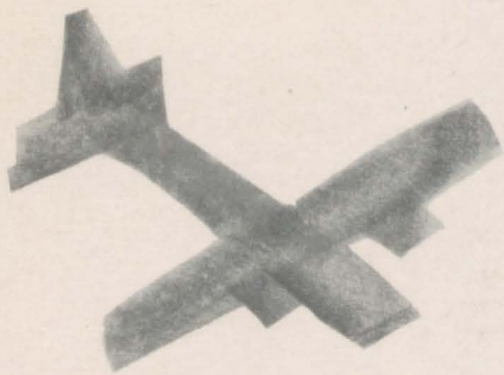

For her colors, first the blue
Of the April valley;
Then December's wintry hue
When the storm winds rally.
Newark High, thy fame we raise,
Many voices blending;
Through the years we pledge thee praise,
Loyal to life's ending.

... our solemn

THE EARTH: THE HOME OF MANKIND

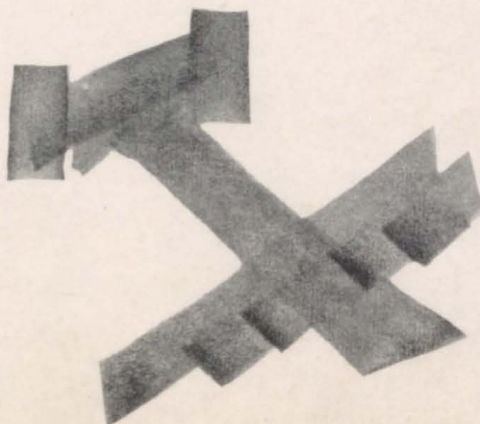

pledge: a better world

DEDICATION

OUR generation has just brought a successful conclusion to the greatest, fiercest war ever to mar the face of the earth and the pages of history. We, who have lived through this war, want no more of it. There is no room for the demoralizing ravages of warfare in the busy and progressive future toward which we plan with earnest intent. We are about to enter a changed world bright with promise. It is natural that we pause to anticipate and reminisce. The war years hung heavily over our youthful heads, like a black storm-cloud, dreary, threatening, ominous, cheerless. It was difficult for us to do our daily school work properly as students, so menacing and enormous were the war struggles on the far-flung battlefronts all over the world, and so demanding the war efforts on our homefront. But we now believe that the silver lining to that dark cloud is the thrilling prospect of a united world. A more wholesome future looms hopefully for our generation, thank God. What was lacking in the past we must find and apply so that peaceful progress will be experienced and shared by all members of the great human family all over the earth. We, of the Class of June 1946, are resolved that we will not fail to meet the magnificent challenge of the tasks and responsibilities we now face. We earnestly dedicate this book and ourselves to the fulfillment of a permanent peace on earth; and to goodwill and understanding among all peoples who dwell on earth.

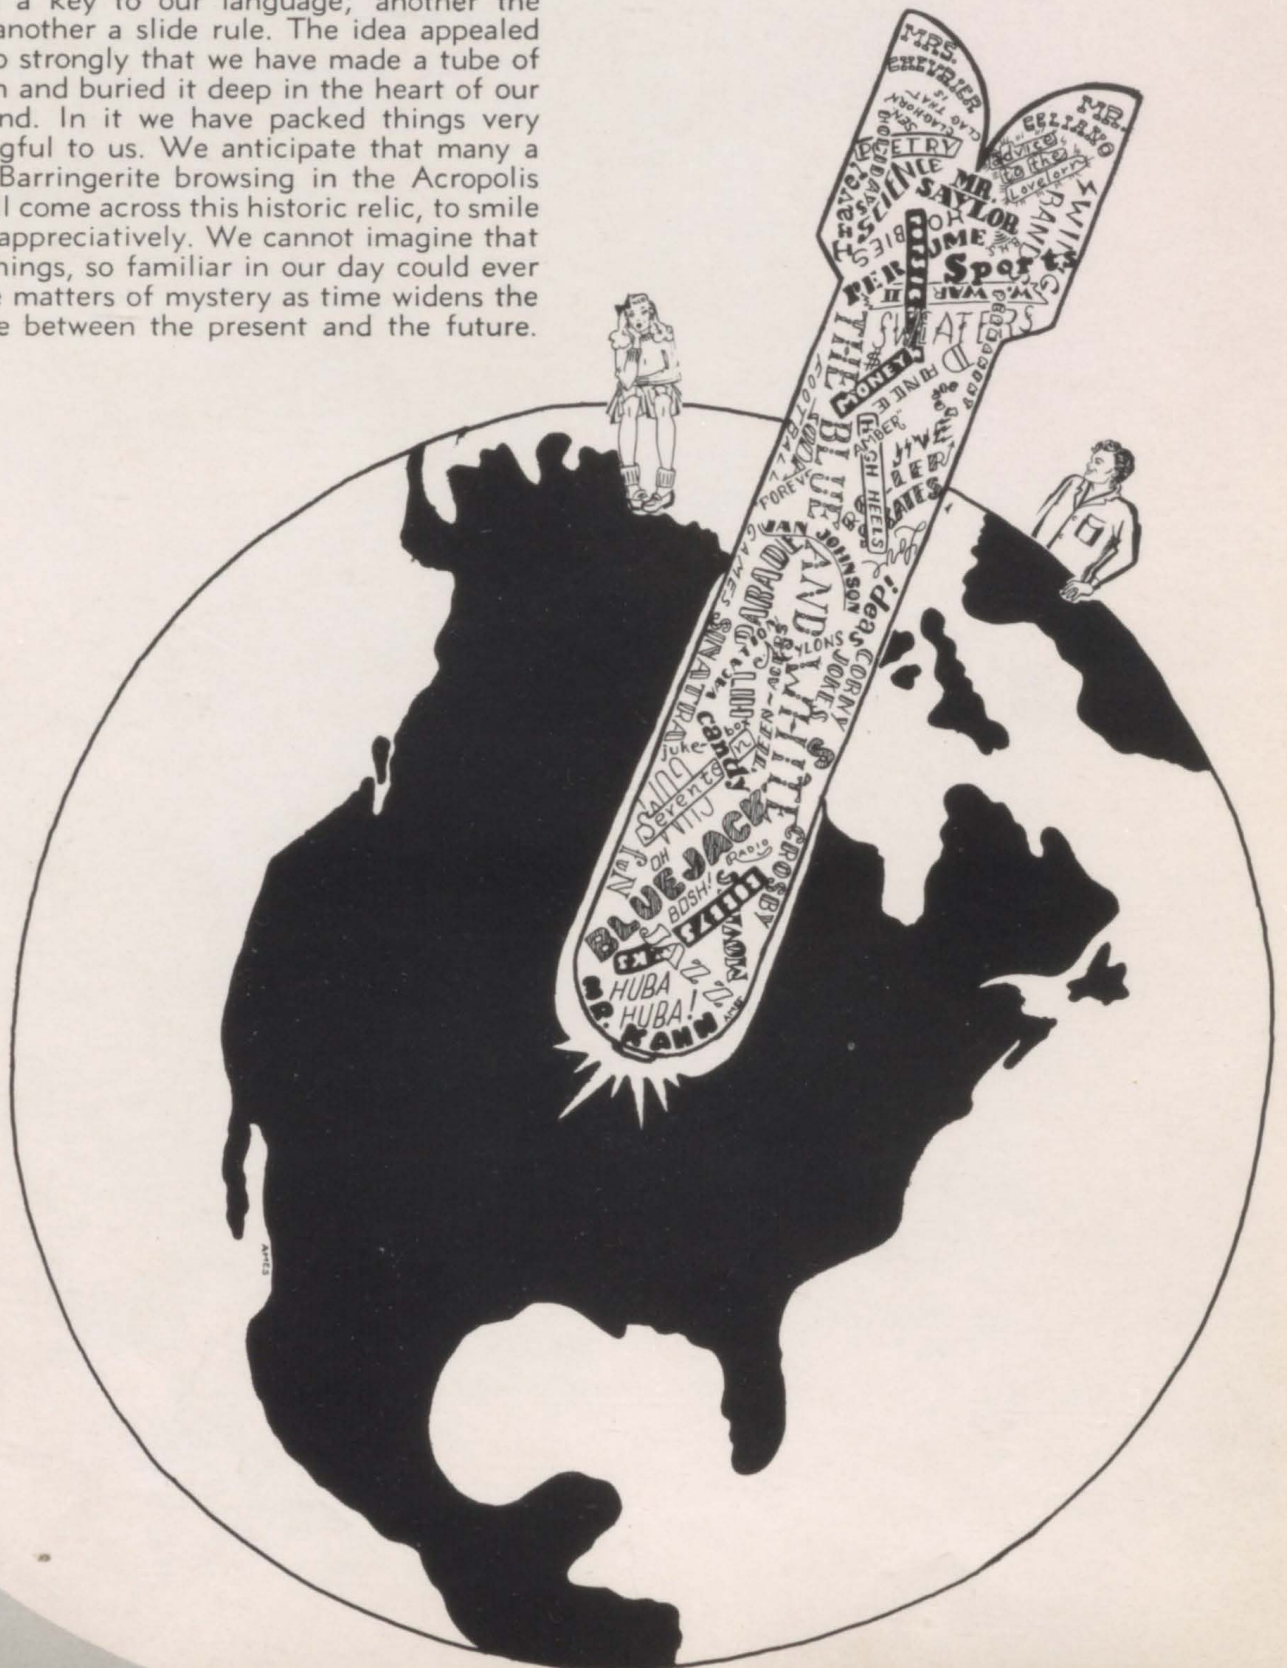

The earth is the home of mankind. Let it not be said that we, in the prime of our youth, were in any way unworthy of that privilege and blessing. We believe in live and let live. So we pledge ourselves, here and now, to the making of a better world.

... our school ... our world ... ourselves

. . . to the far future by radar

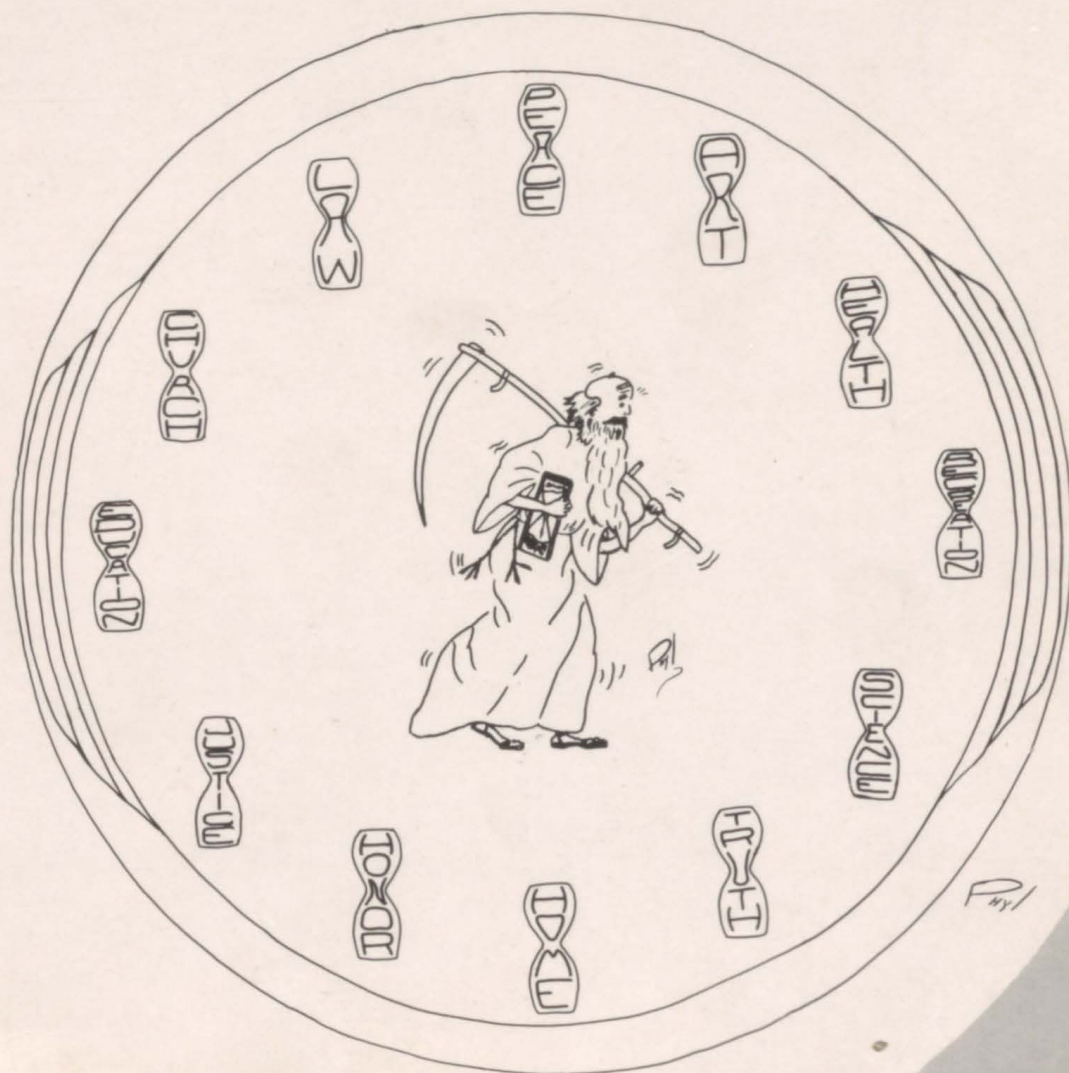

IT WAS on September 23, 1938 that a giant I tube, pneumatically sealed, was buried fifty feet underground to mark the close of the World's Fair held in New York City. Many articles, characteristic of current American life and time, were put into this archaeological capsule so constructed that it is claimed to be capable of surviving at least 5000 years. One item is a key to our language; another the Bible; another a slide rule. The idea appealed to us so strongly that we have made a tube of our own and buried it deep in the heart of our homeland. In it we have packed things very meaningful to us. We anticipate that many a future Barringerite browsing in the Acropolis files will come across this historic relic, to smile over it appreciatively. We cannot imagine that these things, so familiar in our day could ever become matters of mystery as time widens the distance between the present and the future.

... changeless in the course of time

YOURS is the age-old task, Father Time, of turning the hour-glass to mark the ceaseless motion of passing events. We, of the Class of June, 1946, expect many changes in our lives. We are confident that the transformations we ourselves make will be good ones. We anticipate spectacular progress. We hope for phenomenal improvements in medicine, engineering, economics, and human relationships. We want to be instrumental in the building of a united world, free from fear, free from want, free to live worthily, as people should. There is much work to be done. We realize that the world is far from those goals.

But bear in mind, Father Time, that though the persistent hours pass and change, the clock itself is changeless. Time runs on and on and on. There are certain things on which we must depend to build decent progress and a decent world. These things, Father Time, must be changeless. Seal each in an hour-glass. Guard them from change for our sake. They mean much to us. They are basic in the American way of life. Lead on, Father Time. We follow you, confident that you will keep faith with us. Our precious heritages are truth, peace, honor, education, church, law, justice, recreation, science, art, health.

... we television the future

DEAR WORLD AT LARGE:

WHILE we, of the Class of June, 1946 are taking stock of things-as-they-are and anticipating things-as-they-may-become, we feel very humble in addressing our parting graduation message to you. We are aware in our smallness that you, in your global largeness, are building for the future far beyond our capacity to think or grasp.

But we have the courage of our convictions, so we speak from that impetus. We address you respectfully, humbly, eagerly, earnestly. We have great hopes and no fears. We are normal American youths. We like to get directly at the truth as quickly as possible. We are not escapists. We avoid rationalization. We reason.

In your plans and problem-solving for the future, we wish to go on record as being unanimously opposed to war and in favor of peace. We like living. We believe in living as deeply and fully as possible. Even though we may seem, sometimes, to be youthfully thoughtless and carefree, we really want a well-rounded, sensible, worthwhile existence. You can depend upon us to be squarely with you in plans for a permanent peace. Yes, we are one hundred percent for that, even if it requires some sacrifices from us.

We believe that people are important. Our philosophy is "live and let live". Before the future beckons to us to undertake this and that task, we, as a group, call to it to sound the deathknell of prejudice. Misunderstanding, hatred, envy and jealousy are not stepping stones to progress and happiness. They are causes for conflict and hindrances to contentment. We hope that you are planning to make it plain to peoples everywhere that human relationships require considerable refinement of attitudes if human beings all over the world expect to be worthy of living on earth. The search for truth, nobly begun by our ancestors, cannot continue unimpeded until every person is willing to concede to every other person life, liberty, equality, and the pursuit of happiness. We have learned in school that the individual must be self-controlled to get along with others. We believe we owe it to the natural dignity of the human family to discover ways of settling differences by means other than war and strife. We recommend peace and justice as the solution. We have found that the Golden Rule works wonders. We know that smiles are preferable to frowns any time.

Finally, we hope that in the future more and more peoples throughout the world will come to employ the democratic way of life as we follow it in our land. In America, our democracy is characterized by certain well-defined rights, privileges, duties, and responsibilities. We believe that democratic living can be developed so that it assumes equality of opportunity to all. We believe that true democracy works steadily toward general welfare or greater good to increasingly greater numbers of people. We believe that genuine democracy tolerates no intolerance. For our part, we are pledged to honor the precepts of our democratic way of life, especially that precious fundamental principle of government by consent of the governed.

Despite our school years spent under the dark clouds of war, we consider ourselves fortunate in being able to enter a world freed from the shackles of tyranny. We humbly and gratefully offer our thanks to those who made this possible for us. We intend to take a step further than just honoring the principle of government by consent of the governed; we are determined to take an active part in it for, you see, democracy is our ideal. It is our ideal because we believe that it is the nearest sort of government, born of human minds, to come so closely to the aim of God in giving equality to all. We realize fully that it is up to us as a generation, as well as individuals, to make this great land of ours greater.

Our prayers and best wishes go out to you in your great endeavors for the progress and happiness of mankind.

Sincerely yours,

THE CLASS OF JUNE 1946

... among our finest minds

WE ARE proud of our top-notchers. They have stuck to the study-guns valiantly. They have won, by dint of superior scholarship, the outstanding rank of being foremost among us. They are the mountain climbers who reached the peak. We likewise salute the outstanding achievement of two of our graduates—Lena Jean Forlenza and Jane Theresa Giordano. Both these girls have completed their high school studies at home under the direction of the Home Visiting Teachers' Department of the Board of Education of Newark.

the call of friendship

MAN, according to the books, is gregarious. The history of humanity contains a long list of famous friendships, some mythical, many real. Having friends is an important and inspiring part of normal living. A person needs friends to whom to turn in time of trouble and with whom to share those joyful moments so precious to all. The Class of June 1946 has added a friendship record to this book so that we may look back, years hence, and recall the good times we had together as friends.

ATHENAEUM STAFF

... we had great fun producing "Growing Pains"

What did happen to the mirrors in the cloakroom in Room 50? Somebody must know. Teachers can be queerish at times. Mr. Haulenbeek supplied mirrors for the cloakroom in Room 50, whereas Mr. Sibilia took them out of the cloakroom in 92. Mr. Sibilia insisted that they were time-wasters as far as the girls are concerned. Mr. Haulenbeek regarded a cloakroom without mirrors a positive menace.

With the Yearbook under way, Room 4 became the center of the hustle-and-bustle of class activities. We hope we gave no offence, or inconvenience, to the faculty members of the Social Science Department. We came in like an invasion crew, in unexpected droves.

Sara Goodman surprised us as the Professor's wife in the play. She had us convinced that she could go to Hollywood any moment and ace them all out there.

Remember how surprised Mr. Celiano was to see us at our own dance? We like being different. We are positively unique.

Study periods in the Spring when birds sing and bees hummer. Are the cruelest sort of thing like rationing ice cream in the summer.

Claire Conover has more interests than the usual 'teen-age girl. Lately acquired is one in a certain handsome adolescent. Ah!

In room 99 we do not boast about our record on tardiness. We are trying to keep our heads up under Mr. Dunn's bombardment of censure. Life is an awful rush.

It was exciting the night of the "Spook's Holiday" when a handsome, blonde sailor, in bell-bottom trousers, wandered into our dance; won the door prize; expressed heartfelt gratitude to us over the "mike"; went down to Crescent Studios to be photographed for the Pacific war theater. He has a small sister in the Freshman Class. Cheerio, Sailor.

Pretty girls and handsome boys, A lonely teacher with plenty of poise. We're all happy in ninety-two, With a smile and cheer ready

Bill Bateman has developed quite a philosophical attitude in the realm of art. He gives an unusual turn to the usual and his sketching pencil captures familiar scenes with the greatest of ease.

Our classes have been invaded by the G-I's. It's all to the good for the girls who sit alphabetically in the right rank but how about the rest of us who must admire them from an unrecognized distance?

Ever since time began, so says Mr. Sibilia, Homeroom 92 has always scored one hundred percent in everything. Does he mean B.U.—Before Us?

Athelstan Nelson believes in a sound mind in a sound body. Every type of athletic activity appeals strongly to him.

What, or who is Don Cicero dreaming about? Many a girl would like to know.

The return engagement of Mr. Kahn, who invited us to see his show at the "Y", gave us pangs of jealousy and stage nostalgia.

The day General Wainwright came to Newark an important class meeting had to be called off. More power to you General.

Funny the way Mr. Celiano and Mrs. Chevrier took AWOL on play night; one the first performance, the second the next. That's what we call teamwork.

Who hates silly people? Yes! Mr. Kahn!

The day we had the class meeting about the Yearbook, Mrs. Chevrier convinced us that we were going around in circles. We like the circle novelty, now. Thanks, Mrs. Chevrier.

We belong to the Bobbysock Era. We wonder what fashion à la mode the next crop of 'teen-agers will invent.

Out of this world are girls like Carmel Mancini and Lucille Cantarella. They move in heavenly heights of musical harmony.

English with Miss Walston is an experience. She leads us along a dozen different highways all at once. Grammar, speech, diction, composition, geography, literature and hard thinking. Miss Walston packs them all into the same daily lesson, every day. She is determined that we learn English every which way. We are plugged every which way. Maybe we will reach her

The night of the 4B Dance—"Spook's Holiday"—Mr. Lippe, in charge of refreshments, secured a chunk of ice which just fitted into the tub where the soda-pop was supposed to be "on the cool." Well, the pop stood offside, looking downcast and warmly uncomfortable. The ice finally melted to make room for the pop. A reproachful look from Mr. Lippe did the trick. The ice felt so sorry for the predicament in which it had put Mr. Lippe.

Marc Angellilo has been the despair of Mr. Lippe who can never seem to find Marc where he expects him to be. Maybe that is the reason why Marc is called "Bronco"

We will always remember long-legged Don sneaking into Room 92 after the last bell. Icabod Crane in person.

Had we had Mr. Bruder back from the war sooner we would have been more adept in basketball. Anyhow, that's an alibi.

Whatever happened to the basketball team the girls were going to rustle together to put a thousand dollars in our class treasury on a championship record? Never mind, girls. John Donato called in the dollars.

Talk of a new Barringer building. They can't do that to us. Or, can they? Perhaps they will.

Don Sutherland never shoots a basket during a game. He just reaches up and drops the ball over the rim.

Armand and his gang were our back-seat politicians in Room 92.

Who hates silly people? Yes! Mr. Kahn!

Curtis and Iacobucci have entered the ring. Rumor has it that they combine brain and brawn.

Joe Zarra has done a swell job as President of the Student Council. At first we thought he had deserted the class for the school. But he has been working in both arenas.

We have triplets. They are Marie D'Alessio, Eva D'Alonzo and Thelma Bisignano.

Our Guidance Director, Mrs. Stewart, has a unique way of telling us off. She paints the past in dull, drab, remorseful words; the present in matter-of-fact reality; and the future in rosy optimism. A talk with her leaves you determined to do better and to make good, come

Joe Carlucci and his daily load of books is no pathetic sight in Room 61. Mr. Lippe levies detention on Joe the second he puts in an appearance, and he cannot tell time. He has a photographic mind.

We were bursting with justifiable pride when the Barringer News gave us that fine write-up about our play.

Will you ever forget Peggy Morgan as Elsie? That girl has quite a scream when she needs to use one.

Mr. Sibilia insisted, almost daily, that we're a lot of milk-pyramids of Egypt.

Phyllis Black has been completely Americanized. She has almost lost her British accent.

The day the Ring Man came to measure us for the best-looking design in finger adornment was one of anticipation. The day the rings came brought the pot-of-gold at the end of a long, long wait. Selma Kaufer holds the record of having asked our daily song was: "My rings be here!"

Four class songs were submitted. We would have liked to have sung them all. But the rule is one, and only one. Congratulations to the winner. And bravo to the losers.

We of 50 miss Mr. Haulenbeek. We hope he is having grand holiday. It is well served. We, of 41, miss Hartman. Funny how thoughtlessly plague teachers and parents, then when we no longer with them, we the old days and old friends again.

Addie Stephens without sweet smile would be quite other girl. She has a soft-voice, too. We predict Addie a smooth, delightful future. A girl with all her personality is destined to make more-than-good.

Ever hear Mr. Haulenbeek bellow "nine-four" morning Room 50? He would p

Ray Santo and Mr. Du had quite a to-do about proper platform decorum for spook, the day our skit went in assembly. One of them for ghost graciousness, while other . . . Ray, of course, wanted to give that particular ghost a real holiday. They compromised. The ghost gave the audience a real scare.

Room 41 was forever springing the unexpected on Mrs. Schuster, who took it all in sportive stride. There were times when her blood pressure must have shot up and down. But for Frank Ro and up. He was always up in days. He was reminding front of our duties and responsibilities. He has the deepest science in the class.

Mr. Celiano could turn teaching to banking any and become a millionaire. he chase us to chase the nies!

Who, besides the gang in can really tell which Collins Collins of Collins and Coll

Del Tufo grew up in a when he came with a rifle his Big Moment in "Growl Pains." His world premiere.

Anthony Meo turns steam when he is out about money. He must have been frightened by Agrest! Meow!

Mr. and Mrs. F. Lardieri Mr. and Mrs. C. J. Latz	Best of luck to the future. A happy and successful future.		

... our Olympics

CARL MILLER—Center

Carl earned his varsity letter in 1945 and is recognized as the sparkplug and backbone of the Blue quintet. His persistence and determination make him an outstanding player. His remarkable way of passing will long be remembered.

ANDY PECORA—Guard

Andy was one of the most spirited and energetic players on the Blue squad in 1945. His naturally fine ability in all phases of basketball aided the Barringer cause throughout the season. Pecora is also a State Boxing Champion in the 112 pound class.

THE 1945-46 sport season presented Barringer a City-Championship football team and a National Championship fencing team. However, too many pupils and faculty alike, these events were secondary, for 1945 brought basketball back to Barringer after an absence of twenty seven years.

It was through the eternal insistence of the pupils and the helpful leadership of a faculty member that this long awaited event was made possible. Mr. Bruder, who has been one of "basketball for Barringer" staunchest supporters, was naturally appointed faculty adviser. It was through him that Mr. Joseph Nerenberg, a star in his own right and a well-known basketball authority in these parts, was signed to coach our yearling.

After long weeks of practice the team was molded into a working organization ready to take on all comers. Being comprised of mostly juniors and sophomores, the whole team is expected back next year. The experience gained this season will be invaluable to the Big Blue when they take the court in 1946 for a scheduled season of competition.

The entire school and alumni wish Mr. Nerenberg and Barringer basketball all the luck in the world for 1946.

MR. JOSEPH NERENBERG—Coach

Mr. Nerenberg led the first basketball team that Barringer has had in twenty seven years. He brought to Barringer a spirit and determination that will live forever. We know Mr. Nerenberg will do his utmost to reinstate Barringer as a strong power on the basketball court.

MR. R. JOSEPH BRUDER—
Faculty Adviser

It was mainly through Mr. Bruder that the return of basketball to Barringer was made possible. His fine spirit and helpful leadership showed the way back to the court for a Barringer team that had been missing from the picture for twenty seven years. Every true Barringerite truly thanks him.

... our gridiron heroes

CARMINE D'ALESSIO—End

This was Carmine's first year as a varsity man but he proved he has the stuff it takes. He saw so much action even as a second team man that he was well able to win his gold football and a major B for his services in 1945.

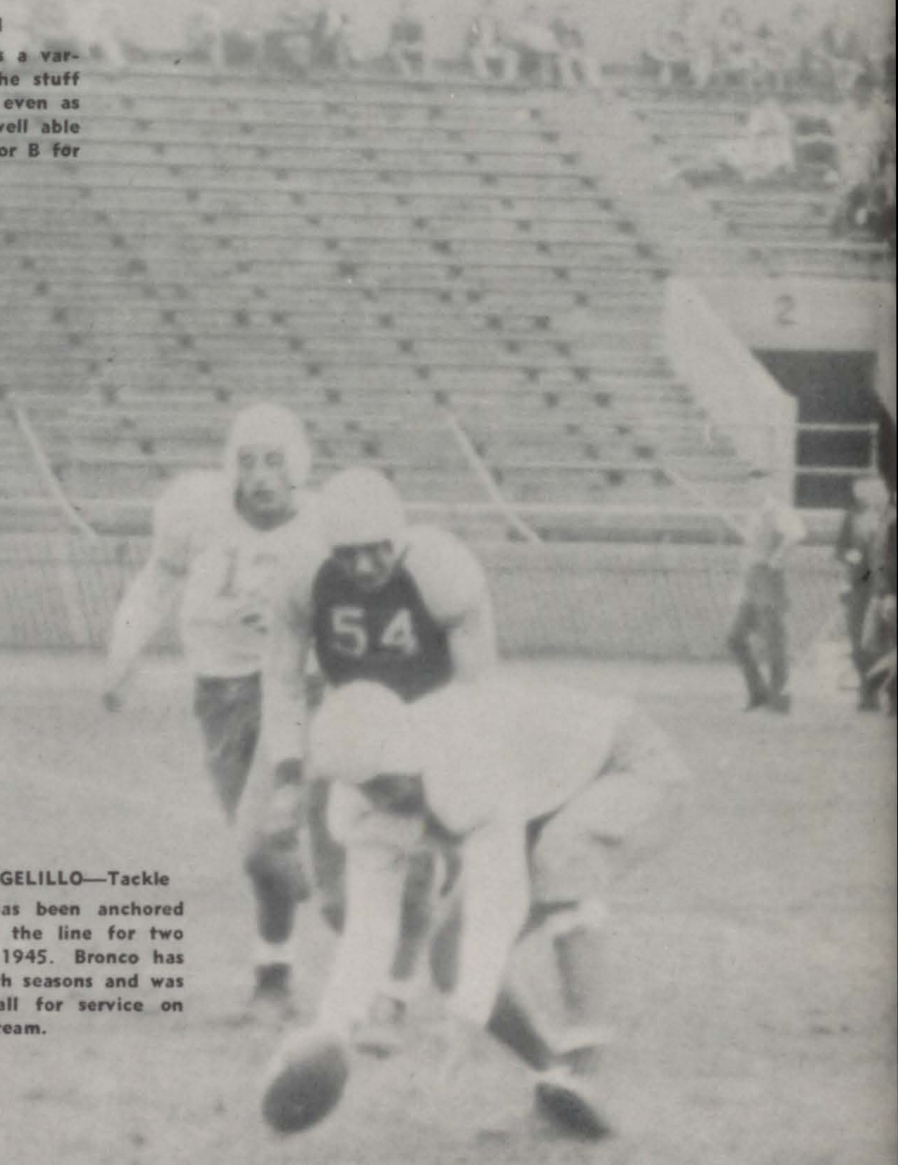

ATHELSTAN (Baby) NELSON—Guard

Athelstan was Captain of the 1945 squad. His services were immeasurable as his All-State and All-County rating will show. He received his major B in 1944 and received his All-State wreathed B in 1945 along with his gold football for the City-Championship team.

MARC (BRONCO) ANGELILLO—Tackle

Marc's 200 pounds has been anchored around the left side of the line for two seasons now, 1944 and 1945. Bronco has received his major B both seasons and was awarded his gold football for service on the City-Championship team.

FRANCIS (FRANK) ROSSI—Tackle

Frank has been a member of the football squad for three years and as a second team man this year proved to be very valuable to the team. He saw enough action to warrant his receiving a major B in 1945.

RICHARD (YACK) IACOBUCCI—End

Yack started his football career in his third year and as a senior won a varsity berth. Injured in his first game he was unable to win a gold football but he did earn his major B.

CURTIS (CHINKY) MOORE—Back

Curtis was injured in the very early part of the year and was unable to play for the main part of the season. He did, however, see plenty of action in the East Orange game.

PAUL (P. J.) DALEY—Guard

Paul's presence in any game was always appreciated during the 1945 season. His 160 pounds covered the guard position so well that he received both his major B and gold football for his efforts on the City-Championship team in 1945.

... our baseball players

EMIL RESTAINO—Center Field

Emil earned his major B in 1945 along with All-State honors for his alertness and all-around playing ability. For his outstanding accomplishments he was elected captain for the 1946 season. Emil's power at the plate in his clean-up position and his swiftness in the field will long be remembered.

BOB FERRARA—Short Stop

Bob emerged from a field of competition thus winning his job the hard way. In his play around short stop he closely resembles an octopus with very few balls getting through him. His constant chatter on the field is the inspiration for many a Barringer victory. He also won his B in 1945.

CURTIS MOORE—Catcher

Curtis earned his major B in 1945 for his splendid play behind the plate. He has one of the best arms in high school baseball and can hit with equal power from either side of the plate. Curt is an all-around athlete having won Golden Glove and State Championships for two years in a row.

ANDY PECORA—First Base

Andy's style and class earned him the first base position in 1945 as well as his major B. Known to his teammates as "Weeny" because of his diminutive stature he has never let his size handicap him for he gained his position over first rate competition.

JOSEPH NERENBERG, Coach

EMIL RESTAINO, Captain

CROSS COUNTRY and TRACK

LENNY DeBLANK

In 1944 as a junior, Lenny competed in the 75 yd. dash and the broad jump. In 1945 he came into his own winning his major letter. He ran the 440 yd. dash and was a member of the mile relay team that ran in Madison Square Garden.

JOHN TENDLER

Jack was running on the junior relay teams in 1944. However, in 1945 as a change for the better he began high jumping and won his varsity letter. Not forgetting his running ability he was one of the team's half milers.

FENCING

THE 1946 Barringer Fencing Team holds the distinction of being undefeated throughout the season. However, they can also boast and deservedly so of being the 1946 National Fencing Champions. They earned the right to this title in New York as they competed against schools from all over the Metropolitan area. Their New York accomplishment was a fitting climax to an unbeaten season. They were complete masters as eight hapless teams went down before their foils. All Barringer will long remember the 1946 Fencing Team.

Class Song

Words and Music by Shirley Berger

A handwritten musical score for a song titled 'Class Song'. The score is written on six staves, each with a treble clef and a key signature of one sharp (F#). The time signature is 3/4. The lyrics are written below the notes, with some words crossed out and corrected. The lyrics are: 'A - bove the noisy ci - ty her gleam - ing towers we 'Tis time for us to leave you and tho' we're sad to see our thoughts will be there al - ways as part no mat - ter what the fut - ure well proof of our loy - al - ty Be - neath her royal keep you in our hearts, the mot - to that you arches will sing our prai - ses true and taught us will help us on our way and ne'er for - get de - ar Bar - rin - ger th - e ho - nor, truth and li - ght will bright - en home of the white and blue. E - ve - ry pass - ing day.'

A - bove the noisy ci - ty her gleam - ing towers we
'Tis time for us to leave you and tho' we're sad to
see our thoughts will be there al - ways as
part no mat - ter what the fut - ure well
proof of our loy - al - ty Be - neath her royal
keep you in our hearts, the mot - to that you
arches will sing our prai - ses true and
taught us will help us on our way and
ne'er for - get de - ar Bar - rin - ger th - e
ho - nor, truth and li - ght will bright - en
home of the white and blue.
E - ve - ry pass - ing day.

THIS POST-WAR WORLD

It's a world of opportunities—a world that will be filled with advances in science, medicine and the arts.

It's a world that offers real opportunities to the young man or woman who is fully prepared to take advantage of them.

The future belongs to those who prepare for it

The "Voice with a Smile"

WHEN the nation needed her in the emergency of war, she had the task of speeding the calls that hastened victory. Often no less thrilling are the peacetime messages she handles today . . . a call that may save a life . . . an urgent message to someone a hundred or a thousand miles away . . . an answer that must be obtained.

There's something about telephone operating that makes each day interesting. Surroundings are pleasant—associates friendly—the pay is excellent from the start, with steady increases. It's career work in a service to the people of your community.

Interested? Talk to your Vocational Guidance Director. She can tell you more about this important work.

**New Jersey Bell
Telephone Company**

*"Miss Jones,
Please"*

• When your name is called for dictation . . . or promotion . . . it's because you are good in your job. Berkeley School not only gives you the technical skills necessary for advancement but also the finer overtones of secretarial performance. Hundreds of Berkeley graduates hold top-flight secretarial positions. Comprehensive and intensive courses. Distinguished faculty. Effective placement service. Send for Bulletin.
